Casino Night

Roll out the red carpet for glitz and glamour you can bet on.

Casino Night provides a laid back atmosphere where you can join in with as many games as you like or simply enjoy the mood, socialise and cheer others on

How it Works

Casino Night is the perfect after dinner entertainment where guests can first enjoy beautiful themed table centres and décor during dinner as a taster of what's to come. After dinner, guests will be handed their chips and they can enjoy the games of their choice from roulette to black jack, craps to poker. Include a Rat Pack style band, mood lighting and red carpets to really treat your guests to a fabulous black tie evening.
