

Kirknewton Stables

Kirknewton Stables provides a unique venue in the stunning setting of a magnificent walled garden.

Built over two hundred years ago to provide a coach house and stables to Kirknewton House, the historic Stables have been converted and refurbished into a wonderful events space suitable for conferences, meetings, away days and team building.

The Stables building is ideal for small meetings or conferences, and the 600 acre estate has beautiful policies and parkland which provide the ideal countryside setting for a range of team building activities.
