Amal*game*ation

The all-in-one, ultimate game show to entertain your guests.

Welcome to Amal*game*ation, an 80s style quiz which will have your guests travelling back in time, revisiting the most popular TV shows of the 50s, 60s, 70s and 80s.

How it Works

Presented by your animated host and his glamorous assistant, participants are divided into teams who pitch against one other in a battle of knowledge trivia. This hilarious, interactive quiz uses AV and a "fastest finger first" keypad voting system. Teams are put to the test in a series of themed rounds such as Family Fortunes, Question of Sport, Countdown and Catchphrase. And what do points make...?

The End Results

- Motivates teams and boosts staff moral
- Allows mass participation
- Develops your team in a fun energetic and not overtly 'teambuilding' event

Dougie's compering skills were amazing - I thoroughly enjoyed the manner in which he conducted each part of the event with the right amount of humour and really went all out in gameshow host mode.
