

# Zoo Explorer

## Edinburgh Zoo Treasure Hunt

Armed with the latest iPad minis, loaded with our unique GPS Mobile Adventures App, the Zoo Explorer takes you on a themed trail around Edinburgh Zoo. Your teams will enjoy a fun treasure hunt, learning about the creatures and features of the zoo, while competing head to head.

The challenge is to locate the GPS 'hotspots' and navigate around the zoo - cracking themed clues, completing tasks, photo and video challenges

and earning as many points as possible. Only when your GPS verifies that you are in exactly the right location will your team be able to activate the hotspot and attempt the question. A live scoreboard, penalty points for incorrect answers and exciting timed challenges add a realtime competitive twist to this game.

The GPS-enabled Zoo Explorer is the perfect way to get out and about to experience Edinburgh Zoo in an interactive and fun way, culminating in a hilarious prizegiving and results session.

Please note:  
All our unique GPS challenge events use satellite positioning and signals and therefore require a good phone and data signal. If you are looking to organise your event in a remote area please contact us to ensure that the coverage is suitable for these events.
