The Daily Kick-Off

What better way to kick off your day or week than with this motivational experience.

This self-guided solution provides an upbeat, creative challenge that will encourage participants to shoot motivational photos and videos in their own home, focused around boosting morale when employees are working remotely. The photos and videos will be saved into a presentation for your team to share, creating a lasting memory and plenty of fun!

The Team Quiz

Our Team Quiz Challenge was designed to replace the after work social, encouraging teams to let their hair down and have a laugh!

Played in the comfort of your own home, this is a virtual pub quiz enabling teams to connect, have some fun and get competitive. Hosted via video conferencing software and one of our event managers, you'll be up against your colleagues to see who can score the highest points. With plenty of laughs, this challenge will create that feeling of unity without the need to actually be together.

Time: Up to 60 minutes

Great for:

- Social Interaction
- Building Relationships
- Boosting Morale
- Combating Loneliness

The Virtual Away Day

The aim of the game is simple ... Score as many points as possible before you run out of time! Working in remote teams, you will need to decide upon the best answer to each question to win maximum points. Playing from any location including home, participants will use their own devices to answer questions and complete challenges.

Team strategy is the key to winning this challenge; players must communicate and work with the other remote players in order to progress. All whilst racing against the ticking clock!

Time: Up to 60 minutes

Great for:

- Combatting Loneliness & Effects of Isolation
- Keeping Teams Connected
- Decision Making Under Pressure
- Collaboration

Virtual Escape

A highly engaging and experiential team event to develop creative problem solving, logic, teamwork and communication skills through a virtual escape room concept.

Participants will have to unpick evidence, unravel cryptic messages and avoid the curve balls that will be thrown at them along the way! Using image recognition and augmented reality technology, teams will have to scan the right online objects to unlock tasks, challenges and codes.

You've been framed for an art heist. You need to escape. You must beat the clock - all played through our interactive app.

Time: 90 – 120 minutes

Great for:

- Problem solving & collaboration
- Keeping remote teams connected
- Decision-making under pressure
- Improves logical thinking

CAN YOU?
ESCAPE?

How it Works

Your virtual event starts with an engaging video briefing from one of our experienced event managers who will be present (remotely!) via video. Participants will then get stuck into their activity, completing the challenges through the **Mobile Adventures** app from the comfort and safety of their own home.

With a huge variety of content and app features, the challenges are designed to recreate the things that we love about working in a busy office - the upbeat weekly kick-off, the offsite team building activity and the afterwork social.

Each activity will bring your team together, prevent people feeling isolated and boost morale.

Client Feedback

“I was lucky enough to experience the product first hand – it had my colleagues and I thinking, laughing and getting healthily competitive! My team, over the last few weeks, have been scraping the barrel for ideas on how to virtually interact with each other so taking part in this event was incredibly refreshing and involved zero preparation on our end” – *ANON Travel Company*

“I thoroughly enjoyed today’s team building – it was fun but made you think and work together. Because each of the questions were on totally different topics, it allowed everyone to contribute!” – *Dundee University*

“This was a really great session, really well and well paced. It was lovely to have something fun and challenging to do with the team after 7 weeks in lockdown, everyone is still talking about it. The questions were great, a real mix of fun and challenging.” – *Dundee University*

“The Maximillion Team Quiz experience was super fun and it definitely made us happy during lockdown. Ross is full of positive energy and his choice of music and dance session was spot on! The technology and instructions were very easy to use and I would highly recommend it to every team out there! Thanks a lot Maximillion, you were FAB!” – *Dundee University*
